APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary. A substantial headgate and weir must be installed and maintained at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed

1.0 cubic feet per second.

Actual construction work shall begin on or before July 4, 1922.

Proof of commencement of work shall be filed before August 4, 1922.

Work must be prosecuted with reasonable diligence and be completed on or before August 4, 1922.

Proof of completion of work shall be filed before September 4, 1922. Application of water to beneficial use shall be made on or before October 4, 1926. Proof of the application of water to beneficial use must be filed with State Engineer on or before November 4, 1926.

Necessity for filing of proofs under this permit abrogated by WITNESS MY HAND AND SEAL this 4th day of approval of application of February, 1922. No. 5052 to change place of use of water granted hereunder.

J. S. Schuyler
State Engineer.
